SUBJECT: EMBASSY MUSCAT EAC - 02/05/2005

REF: MUSCAT 0193

Classified By: Deputy Chief of Mission William R. Stewart.
Reason: 1.4(c).

Summary

1. (SBU) The Ambassador chaired a meeting of the Emergency Action Committee February 5 to review the Embassy's security posture following the local weekend. Members of the EAC noted no substantive changes in the local security environment since the last meeting. Accordingly, the EAC agreed that the Embassy's already heightened security posture and FPCON remain appropriate. End Summary.

Security Environment

2. (SBU) On February 5, the Ambassador chaired a meeting of the Emergency Action Committee ("EAC") to review the Embassy's security posture following the local weekend. The meeting opened with a discussion of the local security situation, which the EAC continued to characterize as stable. The EAC noted no new threat reporting specific to Oman. Likewise, the EAC cited no significant security incidents among their staffs or family members over the weekend, and CONS confirmed that there were no security incidents or security-related queries from the private American citizen community.

3. (SBU) RSO raised security arrangements for events taking place during the visit of the USS Milius (DDG 69), scheduled to remain in Port Sultan Qaboos, Muscat, until February 9. Force protection for all U.S. military ship visits to Oman is coordinated with the Royal Oman Police Coast Guard.

Sustained Vigilance

4. (SBU) Prior to concluding the meeting, RSO reiterated that, despite the relative calm, members of the EAC must continue reinforcing to both their staffs and family members the need for vigilance regarding all aspects of personal security, including the need to maintain a low profile and to remain unpredictable. RSO further re-emphasized the importance of immediately reporting all suspicious activity or security-related incidents, especially those involving suspected surveillance, to Post One.

EAC Conclusion

5. (S/NF) The EAC concluded that there have been no substantive changes in previously reported assessments of the local security environment since the last meeting held on February 2 (reftel), and that the Embassy's FPCON and already heightened security posture remain appropriate. Nonetheless, the EAC remains acutely aware of the need to monitor both the regional and local security and threat environments, and is prepared to take the necessary countermeasures should changes to either occur. AMB, DCM, MGT, RSO, ARSO, RMAS, P/E, PAO, IMO, ESO, CONS, MSG, DAO, OMC (USDR), and ECA (USCENTAF) participated in the meeting, which was followed by a meeting of the Counterintelligence Working Group.
